

Two best practices in 2018-19

Grand Alumni meet 2019

AEC has a very strong network of hundreds of alumnus and every alternate year this bond is celebrated with a get-together under the banner of “Anubandh”. This year grand alumni meet was organized on occasion of silver jubilee year.

It was arranged on 12 th Jan 2019. Hundreds of alumni from graduation year 1996 to last graduation year 2017, participated in the event. Top alumni interacted with students gave them guidance about their future perspectives. They also interacted with staff and explained what need to be done to improve skills of the students. What sort of certification courses are required to make students more employable. They shared their real life experiences with students helping student in building progressive future after graduation. Latest trends and practice in technical fields were discussed with students and staff. The event helped each stakeholder in widening their professional network.

Student centric approach in extracurricular activities.

Apart from curriculum, institute always emphasize on non curricular aspect for all round development of students. These includes building up confidence, boosting up moral of students, learning the professional ethics , learning of social

ethics etc. Since each student is different from other in terms of nature , interest and ability, the institute offers ample of the activities for student to choose according to his own interest and ability. These includes, nature clubs, adventure clubs, purogamo vichar munch, NSS, music pathak, movie club, cultural, Astronomy club etc. Students are free to participate in any of these activities as per their needs and interest. To give an example, the courageous and vigorous natured students participate in adventure activities to impart comradeship qualities and to develop ability to face calculated risks. Introvert students prefer the participation in nature club. Various activities and programs were arranged by these clubs throughout the year.
