Sir,

As you are aware, **All India Council for Technical Education** has been mandated under the AICTE Act, 1987 to ensure **maintenance of norms and standards** with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical education by the institution so that **quality** is not compromised and stakeholders are satisfied. The Council also undertakes an **annual Inspection** of the institutions and conveys deficiencies to them for **rectification.**

It has been observed however that notwithstanding the Council's **repeated advice** to comply with minimum norms and standards, many institutions continue to be **complacent** about taking steps to remedy the deficiencies. Such institutions suffer from **critical deficiencies** of faculty and other requirements. Feedback of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following **holistic appraisal** during inspections, have also pointed out severe shortcomings in key areas.

Your institution has several deficiencies, which are listed in **Annexure-A** for your perusal. These deficiencies have rendered the institution liable for strict punitive action. However, the Council has decided to take a lenient view and put only the course(s) which suffer from the most critical deficiency i.e. **shortage of faculty** in the reduced intake category. The approved course(s) along with recommended intake for the year 2005-06 ~~in respect of PARAMAHANS RAMAKRISHNA MAUNTIBABA SANSTHA'S, ANURADHA ENGG. You are required to fulfill the faculty requirement as per norms by 31st August 2005 and submit the compliance for the same (where ever applicable).

b) The calculation of required faculty strength for every course is based on 1:15 ratio of the total sanctioned intake for Pharmacy, MBA, MCA, HMCT and B.F.A. However, for the Engg. No.F. 27-53/91-AICTE | GH 474

September 2, 1992

Dear Shri Bondre,

This has reference to the discussions held with Prof.U.U. Kharat from Shri Shivaji Sciences & Arts College, Chikhli on 1.9.1992 and with yourself on 2.9.1992 in the presence of Shri A.N. Purushetti, Vice-Principal, T.K. College of Engineering & Technology, Warnanagar wherein we discussed the compliances made in respect of AICTE requirements conveyed to you vide our letter of even number dated 24.8.1992 and our notes on file dated 1.9.1992.

In view of the discussions, you are requested to kindly:

1. Submit a certificate from an authority of the Government of Maharashtra regarding land conversion for the purpose of construction of the College buildings thereon and for other uses of the proposed College of Engineering.

2. Carry out appointment of atleast 8 faculty members to cater to the 1st year classes and submit proof thereof.

3. Give an agreement from the Board of trustees that the Management/Governing Body for the College would be constituted as per the guidelines of the AICTE (attached). You will kindly ensure that the Chairman is appointed as laid down in the guidelines and also that you would have atleast one senior person with Engineering background to act as the Member-Secretary of this Management/Governing Body.

4. Appoint a senior person with adequate experience of establishment and management of an Engineering College as a Consultant to help the Society establish the proposed College as per AICTE norms and standards.

It is noted that the revised letter of Government of Maharashtra No.PEC 7091/55772/(4572)/TE-1 dated 1.9.1992 has now specified the disciplines and the intakes permitted for your College. These are Civil Engg, Mechanical Engg, Computer Engg, and Industrial Electronics Engg with intake of 60 in each discipline. It has now been decided during the discussion that the College would start only 2 disciplines (Computer Engg and Industrial Electronics) from 1992-93 with annual intakes of 60 in each and would approach the AICTE during 1992-93 for substitute disciplines for Mechanical and Civil Engg with due

approval of the State Government. This was agreed to by yourself based on the views put forth by Shri Purushetti and the undersigned. You have also agreed that during 1992-93 you would not start classes in any of the two disciplines in case the admissions in any of the disciplines on the last date of closing of admissions is less than 40. This was decided to ensure that due to subsequent drop outs the conduct of the course does not become unviable especially during the 3rd and 4th years of the particular batch.

It was also agreed that you would make appropriate arrangements for attendance of the workshops and laboratory classes by your students at the College at Shegaon by providing atleast one bus for their to and fro journey. Any inconvenience caused to the students on this account hampering their attendance of the classes and therefore ultimately diluting the standards of the education would be viewed seriously.

It was also agreed that the presently available hostel with 50 bed capacity shall be reserved for Engineering students only.

You are requested to take further necessary on the above.

With regards,

Yours sincerely,

2.9.92
